As the event's official sponsor, your brand will enjoy prominent visibility throughout the entire event. We will ensure that your name and logo are prominently featured in all event materials, promotions, and communications. Your brand will be front and center, reaching a diverse and engaged audience.

**WHY CHOOSE US**

This intensive program combines classroom learning with practical training, including immersive tabletop and field exercises. It is designed to benefit those transitioning from law enforcement, military, and private practitioners responsible for ensuring the safety and risk management of their clients.

Whether you're an entry-level candidate or an experienced professional, our interactive teaching style and live exercises are designed to support you in effectively applying theory, with a particular focus on promoting diversity and inclusion, while attracting and advancing women within the industry.
